B.I.K.E.R.S.C.A.P. Inc.
4614 Tropical Lane
Holiday, Fl. 34690

727-768-7762

Dear Future Sponsor,

The name of the organization is actually an acronym for Building Intellect, Knowledge, Education, Resources, and Schooling with a Computer Acquisition Program. Our mission is to provide complete home computer systems to disadvantaged children who otherwise would not be able to obtain this tool which is a necessary in today's academic requirements. BIKERSCAP INC has been assisting children with their educational needs since March 2009 when founded by former law enforcement officer Greg Reaster.

As of today, BIKERSCAP INC. has distributed over 2000 computers to deserving local children. We can provide these new updated computers by recycling & completely refurbishing older used home computer systems. With our help the children can learn more efficiently and effectively to assist them with their education to make them successful members of society. Please view <https://www.bikerscap.org/> to find video clips of our president on the local news along with donation videos and meet the staff. BIKERSCAP INC was proud to be posted in the April issue of Full Throttle Magazine and the Pasco Tribune.

With your help BIKERSCAP INC will be able to continue producing tools that will be used by thousands of less fortunate kids, to come. Please consider being a sponsor for BIKERSCAP INC. As our thanks to you for your donation BIKERSCAP INC will add you to the website sponsor page, place your logo on our Facebook page. We are here to answer any questions you have.

With sincere regards

Dawn Honeycombe

Event/Marketing Specialist
